13th May 2025

Dear Families,

On **Wednesday 21st May 2025**, we will be joining in with National Numeracy Day – the UK's only day dedicated to everyday maths. It's a day that celebrates the importance of numbers for children and adults alike, building brighter futures through confidence with numbers and inspiring everyone to improve their numeracy skills. The charity 'National Numeracy' has teamed up with celebrities and experts to create fun and engaging activities that will get children feeling good about numbers.

We have some fun activities planned for your children to take part in at school, including starting the day off by taking part in a nationwide livestreamed event.

We have also arranged for The Problem-Solving Company to come into both the Infant and Junior schools and run exciting hands-on maths workshops with every year group on Tuesday 20th and Wednesday 21st May. To cover the cost of this activity, we are asking for a payment of £3.25 per child. Please log on to SCOPAY to make your payment by Wednesday 21st May 2025.

One of the best ways to support children to feel positive about numbers is to feel confident yourself. National Numeracy has lots of free resources to help adults, so you can support your children with numbers and maths, and boost your own numeracy skills too! You can access a range of free resources for adults on the [National Numeracy Day website](https://www.nationalnumeracy.org.uk/).

Why not try the [National Numeracy Challenge](https://www.nationalnumeracy.org.uk/challenge/)? The free tried and tested tool helps boost number skills and confidence for anyone age 13 or over - get started in just ten minutes. Together, we can get the whole nation feeling good about numbers!

Yours sincerely,

Mrs L Tregunna
Year 5 Class Teacher and Maths Lead
