Dear Parent or Carer

Walsh C of E Junior School and the University of Surrey have been working together to provide exciting opportunities for students.

The University's Widening Participation (WP) Team work to support the development of aspirations and attainment, and provide impartial information, experiences and opportunities to ensure young people have the knowledge and confidence to make informed, independent decisions about their future.

Surrey STARS activities are designed to

- help raise attainment,
- broaden students' understanding of career opportunities,
- improve confidence in their ability to make future educational choices.

The University and Walsh Junior School will be working together to target and evaluate the effectiveness of these educational outreach activities. To do this, we are asking you to complete a Student Information Form. This form includes personal data that helps us to monitor, evaluate and research the activity we run and ensure that we can continue to deliver this work in future.

You can find out more about the University of Surrey's WP Team by visiting our website:

<https://outreach.surrey.ac.uk/>

If you have any questions about the partnership of future activity, please contact your child school or email the WPO Team as wp@surrey.ac.uk

Kind Regards,

Rob Thatcher
